

REMARKS

Applicant has amended the above-identified application, responsive to the Notice of Non-Compliant amendment mailed on October 10, 2007 which addressed a prior response filed by Applicant on October 1, 2007. That response was precipitated by the preceding Non-Final Office Action dated July 6, 2007.

Attorney for Applicant, by virtue of the entered Power of Attorney in this application, hereby presents this amendment as properly responsive to both the Office Action of July 6, 2007 and the Notice of Non-Compliance mailed on October 10, 2007.

In all, new claims 19-28 more meaningfully name a “revolving gear” and as is used for a “moving gear” as described in the description and more meaningfully name a “fixed orientation gear” and as is used for a “fixed gear” as described in the description. The names “revolving gear” or “fixed orientation gear” are used in new claims in place of “internal gear” or “external gear” as in the original claims, categorically depending on their functional aspect.

Following are the relationships between the new and original claims:

New claim 19: New independent claim re-written and modified to replace original claims 1, 2, and 5 together.

New Claim 20: New independent claim, re-written and modified as to replace original claim 8.

New Claim 21: New claim, re-written and modified as to replace original claims 4 and 7 together.

New Claim 22: Original claims 3, 6, and 12 are combined, re-written and modified as new claim 22.

New claim 23: Original claim 13 is re-written and modified into new claim 23 and new claim 26 as to match new independent claims 19 and 20.

New claim 24: Original claim 11 is re-written and modified as new claim 24.

New claim 25: Original claim 10 is re-written and modified as new claim 25.

New claim 26: Original claim 13 is re-written and modified into new claim 23 and new claim 26 as to match new independent claims 19 and 20.

New claim 27: Original claim 14 is re-written and modified as new claim 27.

New claim 28: Original claim 15 is re-written and modified as new claim 28.

In view of the above amendment, applicant believes the pending application is in condition for allowance and favorable action is respectfully requested.
